

Principal Survey Report
Teacher Leadership Program
2025-2026

This report summarizes the analysis of data regarding the Teacher Leadership Alumni Survey for the Teacher Leadership Program (TLP) that covered the period for 2022-2024. The survey consisted of 35 items presented as a Likert scale. The items were distributed across 4 main domains: 1) Professional and Cognitive Characteristics, 2) Interaction with Students and the Teaching Staff, 3) Systems and Operations, and 4) School Self-Improvement. The data were collected from 48 participants who are currently principals and assistant principals supervising alumni who were enrolled in the Teacher Leadership Program. Overall, the findings indicate that school principals and assistant principals perceive TLP alumni as highly competent in all of the practices outlined, and observe them as effective in their assigned professional and leadership roles as well.
